<p style="text-align: center;">Terms of Agreement for Pupils PAYMENT REGULATIONS 2018/2019</p>
--

1.

A housing agreement is generally closed for the duration of one school year. If an agreement is closed during a school year, it is binding to the end of that year. The general limit for first admission is 30 years.

Residents are required to empty their rooms during summer holidays; otherwise the fix costs charges stated in article 7 will be claimed.

Residents who want to keep their room during summer have to announce this at the secretary's office by May 31 latest.

2.

With this contract Kolping Graz agrees to grant the resident housing and board including three meals daily (except on Saturday evenings, Sundays and public holidays) as well as ancillary services such as cleaning and the like. Laundry services are not included.

Meals can only be taken during scheduled Dining Hall hours. There is no basis for claiming financial compensation on missed meals.

Legally, the conclusion of this agreement and admission to Kolpinghaus Graz is no rental contract. Thus moving into Kolpinghaus Graz does not constitute a tenancy (§ 1 Abs. 2 Ziffer 1 MRG.).

The applicant's parent's collateral promise is precondition for the legal validity of this agreement.

3.

The management board is empowered to terminate this agreement without notice for disciplinary reasons or in cases of severe violations of the house rules or the payment regulations.

4.

Pupils applying for residence have to settle an **advance payment of € 400,00**, **payment of the service charge of € 20,00** and the **amount of sponsorship of € 15,00** for the respective year at the time of being given notice of admittance.

The advance payment will be used as deposit at the time of moving in, but will forfeit in favour of Kolping Graz in cases of non-entrance. In cases of non-entrance in the following year, the deposit will be accounted according to the claims listed in article 7.

The acceptance loses validity if payment is not settled on due date, so that the management board is entitled to contract the room again on a basis that excludes any claims whatsoever without giving further reasons.

5.

The deposit serves as security against damage in the dormitory property, outstanding rents, key replacement, and membership or sponsorship fees.

The deposit will be refunded after a duly completion of the agreement and proper notice of departure and vacation of the room. There will be no interest calculation on the deposit.

6.

Residents, parents or legal guardians respectively, agree to pay rents of

€ 382,00 for double rooms

€ 479,00 for single rooms

€ 539,00 for comfort single rooms

€ 585,00 for studio apartments

ten times per year for the period of September of the respective year to June of the following year. The monthly rent is to be understood as a flat rate in the calculation of which breaks during the academic year, field trips as well as Sundays and public holidays have been taken into account. The rent has to be paid by the fifth of each month. In cases of default of payment 9 % p.a. interest on overdue payment will be charged, further, reminder charges of € 4,00 per reminder will be brought to account. The amount of rent as stated here equals the amount of rent at the point of time the contract is concluded. The management board wishes to explicitly state that the amount of rent might be subjected to modifications in response to increasing prices, wages, taxes, rates and so forth.

7.

Since unilateral terminations of contract through pupils during the school year are not intended abandonments of residence during that period are basically viewed as violation of contract entitling the management board to charge fix costs fees until the end of the respective school year of

€ 310,00 for double rooms

€ 407,00 for single rooms

€ 467,00 for comfort single rooms

€ 513,00 for studio apartments

on a monthly basis.

This remains valid also in cases of early contract termination due to severe violations of the house rules or the payment regulations.

8.

The application for contract renewal for a further school year has to be made by **29th March 2019**.

Concurrent that, a **residence guarantee fee of € 150,00** has to be paid by **29^h March 2019**.

This sum will be accounted for the amount of the September rent but will be forfeited in case of cancellation or pupil termination in favour of Kolping Graz as lump compensation for the administrative effort caused by the contract violation.

9.

Residents are encouraged to seek Kolping Graz membership. In that case an annual membership fee of € 15,00 has to be paid. This sum is fixed by the constitution of Kolping Graz and will be used according to its articles.

All non-member residents have to pay a sponsorship fee of the same amount. In cases where a Kolping Graz membership is acquired during an academic year the already paid sponsorship fee will be regarded as membership fee. Members of other Kolping Families who can demonstrate that they have paid membership fees in the respective year are not affected by this rule.

10.

Residents are personally responsible for any damage they cause to Kolping Graz property. In minors parents, legal guardians or cost bearers respectively, are financially fully responsible for damages and losses.

Financial responsibility is not limited to the amount of the deposit paid.

11.

Refrigerators have to be registered. Due to the increased power requirement there is a fee on refrigerators which is announced separately on the announcement board.

Coffee machines and water boilers are to be used with a fireproofed base only.

Heater assembly and cooking equipment such as toasters, barbecue grills, hot places, micro waves, pizza ovens, immersion heaters as well as electric irons must not be used in the rooms.

12.

Entrants and their legal guardians respectively, declare with their signature that they have taken note of and agree with the general terms and conditions of housing and payment. Further, they oblige with their signature that they agree to fulfil all agreements of this contractual relationship.

Any dispute arising from this contract will be settled before a competent Graz court.
